Jakarta, Indonesia

I am a Public Health graduate specializing in Occupational Health and Safety (OHS), with experience in safety inspections, hazard identification, and OHS documentation in the electrical power and manufacturing industries. Understanding the basics of OHS management system (SMK3) implementation, work permits, and work risk control, and committed to supporting the creation of a safe and compliant working environment.

WORK EXPERIENCE

PT Anugerah Mortar Abadi - Bogor, Jawa Barat

Apr 2026 - Present

ISO & SHE Administration Intern

An instant cement (ready-mix mortar) manufacturing company for construction. Assisting in compiling and supervising the company's OHS management system compliance.

- Assisting in compiling & reviewing SMK3 documents in accordance with ISO 45001 standards
- Supporting the administration & control of high-risk work permits
- Conducting hazard identification & basic risk assessment (HIRA/JSA) in the production area
- Assisting in document control & managing SHE archives for audit readiness

PT PLN (Persero) Unit Layanan Transmisi dan Gardu Induk (ULTG) Cawang - Jakarta

Oct 2025 - Dec 2025

HSSE Intern

Supervising the operational safety of power transmission substations and ensuring compliance with OHS regulations.

- Performing routine safety inspections in the substation area to identify unsafe conditions
- Inspecting the operational readiness of portable fire extinguishers (APAR)
- Monitoring PPE compliance in the substation operational area
- Documenting inspection findings and monitoring corrective action follow-ups

EDUCATION

Universitas Pembangunan Nasional Veteran Jakarta

August 2022 - January 2026

Bachelor of Public Health (S.KL.) - Specializing in Occupational Health and Safety (OHS) , GPA 3.88 / 4.00 (Cum Laude)

SMAN 104 Jakarta

July 2019 - August 2022

High School - Mathematics and Natural Sciences (MIPA)

ORGANIZATIONAL EXPERIENCE

Occupational Health, Safety, and Environment Forum (OHSEF) UPNVJ

February 2025 - February 2026

Staff Research & Development (RnD)

Developing OHS educational materials and research-based content to increase safety awareness. Actively involved in campus safety campaign planning programs.

- Developing 10+ campus safety education infographic materials
- Conducting a safety awareness survey within the UPNVJ environment
- Actively collaborating across organizations in national OHS seminars

KSM Batavia (UPNVJ Faculty of Health Sciences Disaster Response Unit)

February 2023 - February 2024

Volunteer Member

Participating in emergency response training, disaster mitigation, as well as first aid and CPR training.

- First Aid training certification
- Participating in faculty-level emergency response simulations
- Household-scale fire mitigation education for coached residents

Ayo Sehat Fest Kemenkes RI

November 2023

Volunteer Committee

Responsible for the operational smoothness of the Kemenkes national health festival at Gelora Bung Karno. Coordinating with security, logistics, and medical teams.

- Assisting in the coordination of the first aid post and ambulance readiness at the GBK area
- Directing the emergency evacuation route for an area with a capacity of 5,000+ visitors
- Receiving volunteer appreciation awards directly from the Kemenkes committee

Creative Staff

Studying SketchUp and Adobe Photoshop software for layout and graphic design needs. Exhibiting 2 design works at the UFOFEST 2023 national exhibition in National Library of Indonesia.

- Exhibiting 2 visual works at the National Library of Indonesia Gallery
- Mastering Adobe Photoshop and SketchUp for 3D layout modeling
- Contributing as official documentation team in various student activities
