PROFESSIONAL SUMMARY

Fresh graduate in Public Health with a specialization in Occupational Health & Safety (K3). Hands-on experience spanning utility (PT PLN ULTG Cawang) and manufacturing (PT Anugerah Mortar Abadi, PT DIC Graphics) sectors, covering safety inspection, hazard identification, PPE compliance monitoring, work-permit administration, 5S and hazardous waste (LB3) management, and SMK3/ISO 45001 documentation. Built and contributed to a digital HSSE dashboard that centralized safety records previously scattered across multiple sources. Active in OHS education, having helped organize a national K3 seminar attended by 700+ participants.

TRAINING (AWARENESS)

- ISO 45001 - Occupational Health & Safety Management System
- ISO 14001 - Environmental Management System
- ISO 9001 - Quality Management System
- ISO 31000 - Risk Management System
- Lock Out Tag Out (LOTO)
- HSE Plan

CORE COMPETENCIES

SMK3 / ISO 45001 Implementation • HIRA & JSA • Safety Inspection & Audit • 5S Implementation • PPE Compliance Monitoring • Work Permit Administration • SDS/MSDS Management • Hazard Identification & Risk Observation • LB3 / Hazardous Waste Management (SIMPEL) • Incident Reporting & Corrective Action • Safety Documentation & Audit Readiness • HSSE Digital Reporting

WORK EXPERIENCE

Environment, Safety, and Health Apprentice - PT DIC Graphics (Chemical Pigment Manufacturing) *Jul 2026 - Present*

- Conduct safety inspections across work areas and track corrective actions to closure with relevant PICs.
- Monitored PPE compliance and supported the identification of appropriate PPE based on task-specific hazards.
- Participate in weekly coordination meetings and pre-work safety briefings with contractors, and conduct routine patrols to monitor contractor activities and safety compliance on site.
- Reviewed an existing mobile ladder design and contributed improvement recommendations to better align with safe-use requirements.
- Manage safety boards/signage (PPE, first-aid, LB3) and support LB3 recordkeeping via SIMPEL; compile environmental monitoring data and support internal audits, including NCR recording and corrective-action follow-up.
- Participate in weekly ESH meetings and prepare safety-talk materials on PPE and workplace safety.

Safety, Health, Environment, and Improvement Intern - PT Anugerah Mortar Abadi (Manufacturing) *Apr 2026 - Jul 2026*

- Supported the maintenance of Integrated Management System documentation for ISO 45001, ISO 14001, and ISO 9001, including document control and revision tracking.
- Manage SDS/MSDS records for all raw materials and chemical substances used in production, supporting safe handling and regulatory compliance.
- Support work-permit administration for high-risk activities and conduct hazard identification directly on the production floor (mortar manufacturing process).
- Maintain SHE documentation and support internal readiness for ISO internal audits.

Health, Safety, Security, Environment Intern - PT PLN (Persero) ULTG Cawang *Oct 2025 - Dec 2025*

- Conducted routine safety inspections across high-voltage substation areas, including APAR (fire extinguisher) condition, function, and placement checks against safety standards, identifying non-conformities for corrective follow-up.
- Monitored PPE compliance among field workers during high-risk operational activities and reported deviations to minimize incident risk.
- Conducted safety briefings and field observation during high-risk testing activities (Sulfur Bay TRF#1), documenting findings for corrective action.
- Developed the HSSE Digital Dashboard, a web-based system consolidating K3 data previously scattered across multiple platforms, improving document efficiency, accessibility, and audit/reporting readiness.

EDUCATION

Bachelor of Public Health - Specialization in Occupational Health & Safety (K3) *Aug 2022 - Jan 2026*

Universitas Pembangunan Nasional "Veteran" Jakarta | GPA 3.88/4.00

RELEVANT PROJECTS & ORGANIZATIONAL EXPERIENCE

- RnD Staff, Occupational Health, Safety & Environment Forum (OHSEF) UPNVJ (Feb 2025 - Feb 2026) - Developed OHS educational materials and safety-awareness campaigns; led planning as Event Coordinator for the OHSEF Sharing Session on Lockout-Tagout (LOTO): Protecting Workers from Hazardous Energy (May 2025).

- Event Division, National OHS Seminar “Gen Z vs Everybody in the OHS World”, UPNVJ (Jul 2025) - Coordinated event planning and served as Liaison Officer for speakers in a national K3 seminar attended by ±700 participants across Indonesia, involving academics and industry practitioners.

HSE / K3 PROJECTS & ORGANIZATIONS

Occupational Health, Safety & Environment Forum (OHSEF) UPNVJ

RnD Staff | Feb 2025 - Feb 2026

Developed OHS educational materials and research-based content to promote safety awareness; involved in planning and implementing OHS education programs and safety campaigns.

OHSEF Sharing Session: “Lockout Tagout (LOTO): Protecting Workers from Hazardous Energy”

Event Coordinator | 17 May 2025

Led planning and execution of a K3 sharing session to improve student understanding of energy-isolation safety practices.

National OHS Seminar: “Gen Z vs Everybody in the OHS World”, UPNVJ

Event Division / Liaison Officer | 5 Jul 2025

Coordinated event planning and agenda; served as Liaison Officer for speakers in a national K3 seminar attended by ±700 participants involving academics and industry practitioners.

Noise Risk Education Workshop for Welding Workers

Vice Chairperson | 18 May 2025

Led a community-service program educating welders on occupational noise hazards and K3 principles in the workplace.

Industrial Site Visit, PT Chandra Asri Pacific Tbk (Petrochemical)

Participant | 11 Jun 2025

Observed OHS implementation in the petrochemical industry; identified workplace hazards and reviewed emergency-response procedures.

Industrial Site Visit, Faber-Castell International Indonesia (Manufacturing)

Participant | 1 Oct 2024

Studied the manufacturing process and identified risks and hazards related to the connector-pen production line.

PUBLIC HEALTH EDUCATION & COMMUNICATION INITIATIVES

Mental Health Awareness Campaign: “Safe for Us: Share Your Feelings and Open Up to Others,” SMPN 223 Jakarta

Coordinator, Event Division | Apr 2024

Organized and led workshops on mental health awareness for junior high school students.

Edukasi “Stop Tak Berdaya, Lawan Anemia dengan Tablet Tambah Darah,” Car Free Day South City

Committee Member | 12 Nov 2023

Helped run a public health-education campaign promoting iron-supplement consumption to reduce anemia risk.

Ayo Sehat Fest, Kementerian Kesehatan RI

Volunteer Committee | 11 Nov 2023

Coordinated with security, transportation, and event staff to ensure smooth execution of a national public-health festival.

Edukasi Kesehatan Gigi dan Mulut: “Ciptakan Generasi Sehat dengan Gigi Kuat”

Event Division & Speaker | 6 Nov 2023

Planned a dental-health education program for children and delivered the session as speaker.

Penyuluhan Gizi Seimbang, Yayasan Permata Insani Bandung (Depok Branch)

Committee Member | 2 Jun 2023

Delivered balanced-nutrition education sessions to elementary and junior-high school students.

KSM Batavia (Badan Aksi Tanggap Bencana FIKES UPNVJ)

Volunteer | Feb 2023 - Feb 2024

Participated in emergency-response and first-aid training sessions as part of a campus disaster-response unit.

UFO Veteran Jakarta (Student Photography, Videography & Graphic Design Unit)

Staff | Sep 2022 - Aug 2023

Completed graphic-design coursework (Adobe Photoshop, SketchUp); exhibited design work at UFOFEST 2023, National Library of Indonesia.
